UPFIT GUIDE

RANGER
DESIGN

Helping Mobile Technicians Work More Effectively by Providing Organized Storage Solutions

At Ranger Design, we believe more is possible.

We believe work vehicles and the technicians that drive them can become more organized, more efficient, more productive and more profitable. At Ranger Design we're committed to bringing you the products and services that make that possible.

More means helping you choose the right work van for your

application, as well as giving you engineering support and expert advice to help design the most efficient work space in your new vehicle.

More also means getting that new van outfitted and on the road faster, so you can start using it for the reason you bought it.

We're committed to bringing you more, because we believe more is possible.

MORE IS POSSIBLE

Choose A Product Line To Match Your Needs

Ranger Fleetline and Proline product groups ensure that fleets of any size have the best equipment to fit their budget, trade or fuel saving targets.

	MATERIAL	BENEFITS	PRODUCTS	WARRANTY
WHY BUY RANGER FLEETLINE? You want better quality and price than other steel products on the market.	Steel	Tough Low cost Quiet	Shelving, Partitions, Drawers, Accessories	3 years*
WHY BUY RANGER PROLINE? You want the toughest, quietest product on the market. You need to optimize payload without sacrificing quality.	Aluminum	Toughest Lightweight Quiet	Shelving, Partitions, Drawers, Accessories, Ladder Racks	10 years*

*Ranger Design Inc. van equipment is warranted to be free from defects in material and workmanship under normal use and service for the period indicated, from the date of the original retail purchase, when installed per Ranger Design instructions in the original vehicle. Please contact Customer Service for full warranty details. Email: cs@rangerdesign.com

Throughout the catalog **FLEETLINE** products are depicted with yellow and **PROLINE** products with black.

World Class Customer Service

Real people, ready to answer in 2 rings or less*

We are pleased to offer efficient, personalized service and to answer all questions regarding:

- › Pricing/Quoting
- › Product install
- › Order status
- › Consultation
- › Shipment status
- › New product availability
- › Product specifications
- › Warranty claims
- › Returns/Restocking
- › Vehicle specifications

*Call customer service and the phone will be answered in 2 rings or less. Yes, a real, live person working in one of our offices in North America is available to answer your questions. No automated attendant. No complicated phone tree and offshore service. Call us to experience the difference.

PLANNING YOUR VAN OUTFIT

INSIDE ROOF HEIGHT

To determine the maximum shelf height that can be used in the van.

PARTITION DEPTH

This indicates the space taken up by our partition for this vehicle. Please note that this measurement is determined by the partition that encroaches the most. Some partitions may take up less space. Take note that this measurement may not necessarily be on the floor.

DOOR OPENING

To determine where shelving will land in relation to the door opening. Use this measurement to determine the space available for drawer units.

DIMENSIONS IN RED

These dimensions indicate unique measurements for each wheelbase. Use red dimensions to determine the exact wheelbase of your van.

FLOOR SPACE

This area is usable floor space but due to curvature of the van there may not be the same available area at the roof. Please measure actual van for specific measurement at roof.

FLOORS

Impact and puncture resistant floors preserve the cargo van interior

Protect the inside of your vehicle with a slip-resistant floor. Ultragrip floors provide a safe surface for technicians as well as reducing the chance of shifting loads. Each floor is vehicle specific and designed for perfect fit.

These durable floors are easy to install and simple to clean. Puzzle-joint to economize on shipping.

PUZZLE JOINT DESIGN
FOR EASY SHIPPING

RANGER
DESIGN

PROTECTION

Rigid floor covering protects cargo van floors from impact damage and scratches.

SAFETY

Ultragrip floor also minimizes the chances of slipping and reduces shifting of cargo.

EFFICIENCY

Ultragrip floors provide technicians with a durable work surface that is easy to clean.

Impact and puncture resistant floors preserve the cargo van interior.

SAFETY PARTITIONS

Impact tested safety partitions protect the most important asset: you

Ranger Design safety partitions provide a solid and secure barrier between the occupants of the van and the cargo.

Built from heavy gauge steel and aluminum, they are designed for maximum impact resistance and uphold a standard of safety set only by Ranger Design products.

Ranger Design partitions also provide a more comfortable environment for the driver by giving more seat travel and by not rattling as the vehicle drives down the road.

SAFE

Designed for maximum impact resistance.
Proven by impact testing.

EFFICIENT

1. Contoured to maintain seat travel and ensure driver comfort. 2. Contoured to capitalize on cargo area floor space.

QUIET

Thickness of material cancels vibrations.

Ranger Design manufactures a variety of tough, quiet drawer systems and storage modules. Using top quality components such as full-extension, high-capacity ball-bearing drawer slides, secure locks, and Ranger Design's unique braided stainless steel cable-pull handles. These drawers are the organizational quality that you deserve.

If you never again want to experience the frustration of drawers that jam, sag, and don't latch properly, we have the solution.

LADDER RACKS

Ergonomic Ladder Racks make loading and unloading easier.

Ranger ladder racks make loading and unloading ladders an easy operation. Ranger Design offers drop-down ladder racks for high roof vans, extra tough racks capable of carrying 28' ladders on compact vans, interior ladder carriers and many other options for different applications.

RANGER
DESIGN

TOUGH

Military grade aluminum extrusion, high density plastic and stainless steel components ensure no corrosion over the lifetime of the rack.

QUIET

Aerodynamic design with minimal wind noise.

SAFE

No metal contact to ladder, leading to longer life of ladders with less chance of fiberglass splinters.

Access Pro, Inside Ladder Carrier
